Skill Dunia  
2022

## ABOUT ME

Recent graduate with a strong background in data analysis, web development, and programming. Seeking an entry-level data science and web development role to utilize my skills in statistical techniques and data manipulation. Eager to contribute to projects and grow professionally within a data-driven organization.

## PROJECTS

### Profile Website

Dynamic Page

Developed a dynamic profile website using **HTML**, **CSS**, **JavaScript**, and **Bootstrap**. Showcased skills, projects, and educational background with a focus on responsive design principles to ensure optimal viewing across various devices.

### X-Twitter Clone ( Sign Up Page )

Responsive Page

Developed a responsive signup page for an X-Twitter clone utilizing **HTML**, **Tailwind CSS**, and **Node.js**. Used HTML for the page structure, Tailwind CSS for a modern, responsive design, and Node.js for backend development.
